This is my 16th Wedding Anniversary.

Mass at 7:00 AM.

But the children had a surprise for us. They barged into our room shouting like demonstrators dressed up like rabbits with head bands and molotov cocktails (actually dry ice in water in 7-up bottles, smoking like some activated bomb). They carried placards like — "Demonstrations by the atrocious products of this happy union"

At the side door they had all their pets — the dogs including old Blacky & Jaguar, my old German shepherd & the young Urduja — the cats & the small Shetland pony, Snowball and the Batton the small Shetland pony, Snowball and the Ibacano sheep

Breakfast — then met with Mr. Aquino, the head of UNFAO with Mr. Joseph before I leave during a plaque as he is leaving for Rome, and Mr. Soranta. They are giving us millions of dollars worth of food for our big infrastructural projects, in Medicare, the Pantabangan as well as others like Cantaba Jobgoods and reclamation.

Signed the Classification tax bill at 12:00 AM. Then met the labor leaders. Delivered my labor day speech over television and radio on the State Dining Room from 4:00 PM. Then repaired up to 5:00 PM with me, Gray exercised with Imelda who later walked with me, Gray Scaros and Bobby Benedicto who both arrived late, in the golf course. We have also been granted the $50 million stand-by loan from Japan. Next the restructuring of our foreign loans.
