The Rightist Revolution ruling on the Leftist Revolution and the Opportunist cliques including the Socialist Party, the Federalists and the Christian Socialist Party and the Clerico Fascist was the subject of my dictation the whole morning and noon up to about 1:00 PM when I took lunch, napped then played 7 holes of golf.

Then met Sec. Pogoy Ermita, Sec. Abad Santos, State Prosecutor Nocum, Hons. Lopwa, Ramos, Ver, Paz, Romualdez on the creation of the National Intelligence Security Administration for the final security problems; so well as the CPO for the disposition of detainees and other decrees.

Lighthearted banter on the tensions before the proclamation of martial law.

Met Amb. Benedicto and his friends from Europe.

I attach a news report of Pogoy on Martial Law and the media.
