I have invited Pres. Gheddafi to come to ... before the plebiscite — as of yesterday ... I have heard that if Pres. Gheddafi ... invited to it, she will go to Libya ... the guise of the Islamic Conference ... of Tripoli. Then invite him even before ... plebiscite. He should be willing to postpone ... plebiscite if that is necessary.

... that our only hope of success in the negotiations is the interest and intervention of the Libyan President.

... if we are still searching for an acceptable ... for the plebiscite will reject the ... proposal of Pres. Ford & Foreign Min. ... Romulo, Laurel and Castañeda then. ... although I have instructed the leaders ... Congress for remarks of "Regional government ... NOT F— NO." to some such remarks, ... give us a possible solution of a united region ... with elections like non-Muslims would rule.
