Have been busy finishing the Reform Program.

We have ~~to~~ revise the targets and the plans.

And the NBC people with Sig Trotta, the Singapore-based NBC correspondent and panelist in the Spivak meet the Press tomorrow night, have been busy preparing my study for the interview at 12:30 PM.

But played golf this afternoon with Kimmy Risini and Dan. Romy Espino to keep my weight down. I believe I have been able to bring it down to 132½ from 136 plus.

Time and Newsweek have better balanced stories this week. Time quotes Aquino (Sen. Benigno) from the Far Eastern Review to the effect that the country would be willing to have a Lee Kuan Yu or Chung Hee Park and some short-cuts.
