Sec. Ponce Enrile is concerned about the "
spread of the KM under the guise of "teach-ins"
but actually preachers of revolution and Communism
as is the case of Barrio Batista, San Pablo City
where Parlan, an aide or bodyguard of Mayor Tayag
was arrested with 19 pcs of plastic explosives,
long fuse, & firearms and communist propaganda.
(from the Cabinet of the House)
The newspapers except the Manila Times fairly
reported the statements of the barrio people against the
KM. But of course some columnists especially of the
Daily Mirror like Doromilla and Magno call this arrest
of Tayag "fascism" and trial by publicity because their
intentions have been well covered.

Asked the Captanes del Barrio to prepare
barrio libraries where we can send anti-communist literature
and also to prepare to counter-act communist teach-ins
and if necessary organize Barrio Defense Forces. Ala mill
be quiet about this in the meantime. But Makalamba, the
President of the Federation of Captanes de Barrio of the
Philippines who came from Tayabas, Cavite says that there were
some armed men already in his barrio and he wanted to
organize BHDF. Mayor Tom Clemente of Santa La near the
Dalton Pass in Nueva Ecija says that Huks under Commander Villaverde
Por and there are passing through his
barrios. He has been given 20 carbines and 20 M-1 Garands
for his BHDF to be organized.
A PC patrol was ambushed in Norzagaray, Bulacan
and suffered one casualty. Col. Dimalao still has the gripes in
Iloilo and Samar.
