Malacañang aboard 12:00 AM

Bong Bong and Negrelito came back with the following day: one deer, one duck and eleven fish (big ones, the carp and several bass more than one foot long.

We ate some of the fish at Danny and Irma Pasquez tonight where I went to after the Task Force headed by Col Cabal, the CFA and the conference at the Ofc house on security.

The two young men are shutting around like "white hunters."

Lost my temper on Cong. Bedaya who is supposed to have said that the over-grabbing of the PLDT franchise was done through an unseen hand from above apparently referring to me. The PLDT got caught in a fight against Majority Floor Leader Velasco who is suspected of leading removal a consideration for the inclusion of the bill in the approved list last Friday without actually being approved

Col Cabal's men have recovered 42 of the 48 vehicles stolen and either killed or arrested 2 car-nappers. Gave them a commendation and released ₱100,000 more.

Want to inspect CAT facilities and talk to the staff and the air traffic controllers who were called unprofessional and incompetent by the pilots yesterday. The air traffic controllers threatened to stay away from work for 48 hours but I convinced them not to. They are to call.

But we must increase controller and their salary and equipment. So I must push through the omnibus bill.
