The Mansion, Baguio

Woke up at the 777 at 9:00 AM, exercised and shaved. Mass at 10:30 to 11:00 then left by car to Baguio with Cong. Cagurio, Atty. and Ben Guerrero with me in my car.

Reached Baguio at 12:40 PM. Met by Mayor Sardigabal at the city boundary. Lunch, a half-liter then golf at the Country Club at 3:00 PM. The rain had started at 2:00 PM but stopped when we started playing golf. Had agreed with the Mayor Sardigabal and Dr. de la Rosa but they were not there so I played with Tony Peñaloza and Nancy Illuminario but the mayor and Dr. de la Rosa caught up at the 3rd hole. Took one birdie, the 4th on a long putt for the second for the day and a fairly good game although I am not contented with my drives. Then played at No. 10, 13, 17 and 18 only as it was beginning to rain again. Finished at 5, showered at left for the squatters site at 5:30 PM. Stayed up to 8:00 PM and returned as birthday party for Zeta Feliciano whose birthday it was today was starting with VP Fernando. Joggy there already.

Came up to the room at 10:30 PM.

Am working on the 4 year economic development program.

Tomorrow I play golf at 8:00 AM at Camp John Hay with Nancy, Mary and Ben Pelingio, the Benguet Governor.

Then I visit the site for the new Baguio water system and reservoir in the afternoon.
