Cabanos testified last night in the company of Sec. Ponce Enrile and they released him after seven hours of confinement which is illegal as the Senate did not ratify this decision of the special committee and the special committee did not have the power to punish for contempt. Only the Senate has this power and the Blue Ribbon Committee.

The IPI in denouncing the deportation of the Yuyitungs was apparently misinformed maliciously by Reyes, Max Soliven and Juan Marcos both proponents of Lina Reyes. They obviously told the IPI Executive Committee that the Yuyitungs had no hearing and had — when the had been given full access to our legal processes including a petition for injunction until the Supreme Court declared that the IPI would not want to intervene in the internal affairs of the Philippines or direct the President of the Philippines as to who are desirable aliens and who should be deported.

I have issued a statement to this effect and will hold a press interview upon arrival in Manila tomorrow at 11:00 AM.

Played golf at 8:45 AM and finished at 12:30 PM at Camp John Hay. I won 1 up with par at the first hole with one birdie in two. Bogie at No. 4 But Imee Reyes in the second nine for a total score of 3 over par. Third day of golf and conferences in the afternoon.
