The policy of intriguing among the subordinates so they will distrust and even fall back other is paying off. Arthur Garcia was ordered gunned down by Dante strangle his brother Joe Buscayno who was later killed. Actual killer was a certain Ben. Jose Maria Sison had to flee Central Luzon.

Ben Gerardo Roxas charges us of participation by consent in Ilocos Sur. As usual an irresponsible statement intended merely for cheap publicity.

Another example of yellow journalism — The Times (Manila Times) reported 200 armed men raid upon and burned the Ilimo barrio, Oras Este. and Oras Central. Actually some 15 to 20 men might have burned a few houses in retaliation for the gold-blooded killing of a jail warden in Vigan. He was trying to file a case against Bugbog of Vigan. He was trying to file a case against Bugbog Quadejo, the son of Florig.

Stayed with Bugbog up to now going over our guns, one a Remington 30.06 automatic sporting rifle with a 4 power scope and the other a three barrel 16 gauge shotgun, 7.65 or 30.9 and a 22 magnum.

The papal nuncio announced that the Holy Father is coming to visit the Philippines in November.

The Quezon case is hurting us and it is caused by friends Florig and Bernardino Quezon cannot blame the central than son, Bugbog. So we will have to prosecute him as well as whoever killed Quirino el la City the Ilocos Sur provincial jail warden.
