10th day — 356 days follow

Met w Lima re Castillo.
A rumpus develops re Galvez.
Lima says Valdes will not use favoritism anymore. I laugh.
Look at the case of Galvez.
Amado was present to give light on how Valdes extended Galvez favoritism again. Valdez circularized me re this matter, but I intimated that he was no good, yet he gave him an extension because Galvez father had spoken to Valdez at wedding of Aguilar's daughter and had also written him a letter.

Where are we going to end.
