11th day — 355 days follow

Met for reconsideration of Maj. Castillo's detail to school. Had hot arguments re Lacuesta Reyes moves for reconsideration of Villaflor. Garcia as usual shows shade of lack of moral courage. The boy made up his mind to send Lacuesta. Maybe Mrs. Alano has talked to him. Basis of selection - nothing. Favoritism in the wind. Selection is illogical. If it is intended to select the best Filipino representation the records are available. Lacuesta 6th in a class of probationaries in elementary gunnery. It is immoral for anyone to vote for Lacuesta in the face of known facts. De Jesus says he does not know Villaflor a fine way to give a vote! Irregular Garcia uses roadside tactics because he is chairman. This is also immoral. Garcia objects to super selection to Senior Asst at Dau for fear of adverse vote.
