8:00 June 2. Friday 1939.
8:30
9:00 Meeting at Mc. Arthurs Office.
9:30 Present. His staff and the general staff
10:00 Mc Arthur talks at lengths in the
10:30 history of scattered camps, trying to
11:00 justify their stablishment. He recognizes
11:30 however ~~that~~ the fact that in as much
12:00 as the president relieves him of
12:30 the political phase of the national
1:00 defense, he (McArthur) has no more
1:30 alternative. He appointed a preparedness
2:00 committee consisting of Eisenhower,
2:30 Southerland and myself to present
3:00 recommendation in a month. Mc. Arthur
3:30 insinuated that the subject of
4:00 concentration was brought to the
4:30 president's attention not ~~thru~~ him.
5:00 This was a wrong procedure, he said,
5:30 as when a subject is presented
6:00 to the president, there should be
6:30 combined agreements and opinions
7:00 of all the military men concerned.
7:30 Divided opinions of military men

8:00 Arrived Cebu.
8:30
9:00 on military subject always destroys
9:30 the effectiveness. At the end of the
0:00 conference, Sim said that when the
0:30 president calls for the information
1:00 direct from us, we don't have
1:30 the alternative but give the
2:00 information to him, insinuating
2:30 thereby that the question of
1:00 concentration was asked by the
1:30 president himself. This insinuation
2:00 of Sim is false as Sim himself
2:30 used the concentration issue as
3:00 one of the causes of his resignation
3:30 by claiming that in this brutal
4:00 issue, he could not agree with
4:30 the military advisers office.
5:00 (On our way to Malacanan, Sim
5:30 made a remark to me in which
6:00 he implied that he was the
6:30 author of the concentration. This
7:00 is one more of Sims habitual
7:30 lies. I wrote the study originally

10:00 without consultation with Sim. There
10:30 are several other cases where Sim
11:00 tried to steal credits for original
